## PACKING LIST | A LA MODE ON THE ROAD

A bottle of limited-edition **Veuve Clicquot** designed by Christian Lacroix for Pucci has a carrier that opens to reveal a 1996 Grande Dame, nestled in vibrant swirls of pink, black, coral, white, and butter yellow (\$174 at [www.samswine.com](http://www.samswine.com) or call 800/777-9137). It's classic Pucci that's festive enough for a picnic in the Provençal countryside or an in-suite Parisian dinner. Continue the fashion parade with a silk Pucci-esque **sleep mask** by Cris Notti that keeps the light out with soft cotton padding and an elastic lace band so that sleepy fliers land rested and in vogue (\$20 at [www.flight001.com](http://www.flight001.com)).
